States must use a reliable means of validating appraiser qualifying education claims on all initial applications for appraiser credentialing. (Title XI § 1116 (a), 12 U.S.C. 3345; Title XI § 1118 (a), 12 U.S.C. 3347; AQB Real Property Appraiser Qualification Criteria; ASC Policy Statement 10F.				Three of 26 appraiser applications reviewed did not contain documentation to support that the applicant's "in lieu of" college courses covered the required collegiate level subject matter as required by AQB Criteria.	On November 20, 2011, the Board reported to ASC staff that all original and upgrade applicants approved by the Board for a certified credential during the Review Period were reviewed in addition to one application that was not in compliance. Notification was sent to four credential holders whose application files did not contain supporting documentation for the "in lieu of" college courses requiring submission of documentation. If proof cannot be provided by December 31, 2011, Nebraska will downgrade those individuals that fail to meet the AQB Criteria to the State License level.	None	To strengthen the Program, Nebraska should implement an effective process of validating appraiser qualifying education claims on all initial applications.
