| Title: | Create a review process for agency rules and regulations |
| Status: | February 4, 2025 - Hearing before the Government, Military and Veterans Affairs Committee February 12, 2025 |
| Summary: | LB29 amends the Administrative Procedure Act to, as of January 1, 2026, require that each state agency review all existing rules and regulations and every three years after. Each agency head shall designate a person responsible for this oversight. An electronic submission of detailed report with supportive documents shall be submitted to the Clerk of the Legislature on or before June 30th in year review is conducted. The review shall include whether or not rule and regulation is essential to health, safety or welfare of public; a costs vs benefits analysis; report that agency has process in place to measure effectiveness; report if a less restrictive rule and regulation has been considered; and report rule and regulation is a result of state statutory requirement, federal mandate, or court mandate. Upon receipt of agency reports, the Reference Committee of the Legislature shall reference each report to the standing committee based on jurisdictional oversight and the committee shall review and report to Clerk of Legislature by December 15th with recommendations for legislation or clarification. Agency and rulemaking and regulation shall be suspended during pendency of the review process unless rules and regulations impact the health, safety and welfare of the public, is time sensitive, or subject to state or federal regulation deadlines. |

| Notes: | Legislative Fiscal Office requested a Fiscal Note from the Nebraska Real Property Appraiser Board: A significant time burden would be placed on the Board's staff to review each rule or regulation, including any pending rule or regulation, to determine if each rule or regulation is essential to the health, safety, or welfare of the public; to determine if the costs of each rule or regulation outweigh the benefits; to identify and report if the agency has a process in place to measure the effectiveness of each rule or regulation; to determine and identify if less restrictive alternative have been considered for each rule or regulation; and to identify and report if each rule or regulation was promulgated as the result of a state statutory requirement, federal mandate, or court decision. As the Board's staff lacks the resources to conduct such review within its standard allocation of time, it is likely that the Board would have to contract with a third party to be responsible for such review. It is estimated that such review would require approximately 80 hours of work for the first report, and 20 hours of work for each report after. At an estimated contract rate of \$225.00 per hour for an individual qualified to conduct such review, the cost to the Board would be approximately \$18,000.00 for the first year, and \$4,500.00 for each report year after. Nebraska State Budget Division found no basis to disagree with the Nebraska Real Property Appraiser Board. |

| Status: | February 3, 2025 - Hearing before the Executive Board February 12, 2025 |
| Summary: | LB366 amends §84-901 and §84-901.04 to establish the Legislative Economic Analysis Unit within the Legislature. The bill requires that any rule or regulation projected to have an economic impact of one million dollars or more over five years undergo a regulatory impact analysis before it can take effect. It also mandates that agencies submit cost-benefit analyses, job impact projections, and other relevant data for legislative review. Additionally, LB366 establishes a sixty-day waiting period for major rules unless approved by the Legislature and provides judicial review procedures for determining whether a rule qualifies as a major regulation. The Unit is responsible for providing a regulatory impact analysis of (1) any major rule or regulation or any proposed major rule or regulation; (2) existing rules and regulations; and (3) significant grants received from the federal government or sources outside state government when requested by the Speaker or committee of jurisdiction. LB366 provides certain requirements for the contents of the regulatory impact analysis and reporting of any analysis completed. The bill also provides requirements for information provided by any agency promulgating rules or regulations to the Unit for the purposes of completing the regulatory impact analysis. LB366 requires Legislative action to ratify a rule or regulation within 60 legislative days. The bill includes intent language to extend the legislative session or for the Governor to call a special session to approve proposed rules or regulations. If the Legislature is not in session, the Governor may approve a rule or regulation if a statement is included explaining why an emergency exists or why a federal requirement requires an earlier effective date; why the Legislature cannot be called into session to approve such rule or regulation; and why the rules or regulation complies with emergency powers or is required by federal law. |
