CE = continuing education seminar.

CE seminars must be at least 2 hours in length.

Core Curriculum education must be tested and a minimum of 15 hours in length and AQB/CAP approved to receive credit. Core curriculum education completed without meeting these qualifications will not be credited toward earning a credential. (Core Curriculum and Qualifying Education hours also apply for continuing education credit)

The Board's nine-digit education number is used to determine duplication of content between education offerings. Education cannot be awarded when an individual duplicates education. A course or seminar cannot be repeated within the same 2-year CE period with USPAP as the exception. USPAP online is approved by the State of Nebraska. 15-hour National USPAP course will not replace the 7-hour National USPAP Update seminar.

Appraisers may take qualifying education courses for continuing education credit **if they complete the proctored, close-book exam.**

This is a tentative schedule of available education activities. Please note there may be offerings that are not listed on this calendar. Check with the education provider.

Please be advised that all approvals of online courses are contingent upon the maintenance of a valid IDECC approval. If this IDECC approval is not kept current by the provider, the course is considered to be invalid.
