

NEBRASKA REAL PROPERTY APPRAISER CONTINUING EDUCATION REQUIREMENTS

Effective July 1, 2024

Real Property Appraiser Credential Renewal

All current credentials issued under the Nebraska Real Property Appraiser Act, other than temporary permits, will remain in effect until December 31 of the designated year. The application for renewal, along with evidence of continuing education completion (if applicable), is due to the Board's office no later than November 30 of the designated year. The entire two-year continuing education period is required to be satisfactorily completed prior to renewing a credential for a two-year period.

Please note the following:

- The two-year continuing education period for a new real property appraiser credentialed prior to July 1 commences on the date of initial credentialing and is completed on December 31 of the following year. The two-year continuing education period for a new real property appraiser credentialed on or after July 1 commences January 1 of the year following the date of initial credentialing. Beginning January 1, 2022, for a new real property appraiser credential holder credentialed through reciprocity who held a valid credential of the same class to engage in real property appraisal practice under the laws of another jurisdiction on January 1 of the year in which the credential was issued by the Nebraska Real Property Appraiser Board, the two-year continuing education period for a new real property appraiser credentialed prior to July 1 commences on January 1 of the year in which the credential was issued by the Nebraska Real Property Appraiser Board and the two-year continuing education period for a new real property appraiser credentialed on or after July 1 commences January 1 of the year following the date of initial credentialing. Only the application for renewal is due to the Board's office by November 30 for any credential holder awarded his or her credential during the current year.
- If a credential holder is in the first year of his or her continuing education cycle and he or she was required to complete the 7-Hour USPAP Update Course before December 31 of the year in which he or she is submitting a renewal application, he or she is required to submit a copy of the certificate of completion for the 7-Hour USPAP Update Course with a renewal application, or through the Education Submission Portal in Appraiser Login in the year in which the course was required (if not previously submitted to and approved by the NRPAB).

If all required information is not received at the Board's office postmarked by November 30, 2024 for paper real property appraiser renewal applications, or date stamped by November 30, 2024 for online real property appraiser renewal applications, a credential holder will have until July 1, 2025 to meet the requirements. A late processing fee of \$25.00 will be assessed for each month or portion of a month the credential is not renewed beginning on December 1, 2024. If a credential holder obtained his or her credential at the current level on or after November 1, 2024, the late processing fee does not apply until January 1, 2025. With the exception of a credential holder who obtained his or her credential at the current level after November 30, 2024, but before January 1, 2025, all paper real property appraiser renewal applications received postmarked after November 30, 2024, and all online real property appraiser renewal applications received date stamped after November 30, 2024, will be subject to executive and/or Board review. If an application is incomplete, or the required continuing education documentation has not been provided to the Board, the application will not be processed. An application not processed for any reason may be returned.

The Board may adopt a program of continuing education for individual credentials as long as the program is compliant with the Appraiser Qualifications Board's criteria specific to continuing education.

Submitting Completion Documents for Continuing Education Credit in Appraiser Login

When an appraiser submits evidence of completion of an education activity through Appraiser Login for credit, Board staff receive a notice to review the activity (evidence of completion may be submitted at any time). Staff may choose to approve the activity, deny the activity, or hold decision on the activity. The appraiser receives an email from ocio.nrabNoReply@nebraska.gov, Subject: Completed Activity Certificate Review, that indicates that the request for education credit for the activity was approved, denied, or another action was taken. The message will also include the reason for the action, and any steps required by the appraiser to resolve the matter (if applicable).

Once an education activity submission is approved, and the appraiser receives an approval email, the activity appears on the "Education for Current CE Period" log. There is also a hyperlink at the bottom of this section to show all education history for activities submitted and approved through the Education Submission Portal. Please note that the education history prior to the implementation of the portal is no longer in the system.

Log into Appraiser Login, click the “Education” button, then click the blue “Upload Completed Activity Certificate for Approval” button:
