

## 2020 Proposed Legislation Summary (REQ04001)

The purpose of REQ04001 is to update the Nebraska Real Property Appraiser Act (“Act”) for compliance with Title XI of the federal Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (“Title XI”), the Uniform Standards of Professional Appraisal Practice (“USPAP”), and the Policy Statements of the Appraisal Subcommittee of the Federal Financial Institutions Examination Council (“ASC Policy Statements”). Title XI requires each state to prescribe appropriate standards for the performance of real estate appraisals in connection with federally related transactions. In addition, real estate appraisals are to be performed in accordance with generally accepted uniform appraisal standards, and are to be performed by an individual whose competency has been demonstrated and whose professional conduct is subject to effective state supervision. If the State of Nebraska is found not to be compliance with Title XI by the Appraisal Subcommittee, the Appraisal Subcommittee may remove all Nebraska credentialed appraisers from the Federal Registry, resulting in no appraisers qualified to appraise real property in connection with federally related transactions. Such action would have a substantial negative impact on the mortgage loan activity in Nebraska. Along with the changes required by the Appraisal Subcommittee, USPAP, and the ASC Policy Statements, REQ04001 also includes minor changes to address administration of the Act.

### **The following language changes are included in REQ04001:**
