J. FINANCIAL REPORT AND CONSIDERATIONS

1. MARCH FINANCIAL REPORT

The receipts and expenditures for March were presented to the Board for review in the Budget Status Report. The Director brought attention to the “CIO Charges” expense in the amount of \$3,053.35 and informed the Board that this expenditure included database cleanup work and adding functionality developed within the SARAS grant projects to already existing areas of the database. Board Member Minshull asked if the database and online applications have been working well and improving staff efficiency. LPM Loll confirmed the database enhancements have greatly increased operational efficiency. Director Kohtz noted that development of automated emails, along with the automated email history logs, has reduced one to three days of work down to seconds. The Director added that as OCIO’s technology improves, he intends to push as many efficiencies as possible through various improvements. An example is the ability to send and log automated messages that are triggered by staff or real property appraiser action, or by meeting specific database criteria. Until a couple of years ago, this option was not available to the Board. Automated emails used to have to be written and sent by staff through email or mail. Minshull recognized the database enhancements and indicated that, from a board member perspective, the database has improved greatly since his first year on the Board. The Board agreed with Board Member Minshull. Director Kohtz thanked the Board for recognition of the staff’s work.

Director Kohtz then brought the Board's attention to the NRPAB Twenty-Five Month Expenses/Revenues by Program graph and reiterated that Real Property Appraiser Fund expenditures totaled \$21,694.56, Real Property Appraiser Fund revenues totaled \$6,934.29, AMC Fund expenditures totaled \$12,374.99, and AMC Fund revenues totaled \$13,104.03 for March. The Director finished by reporting that the cash balance for the AMC Fund is \$199,907.94, the cash balance for the Appraiser Fund is \$239,750.49, and the overall cash balance for both funds is \$439,658.43. Director Kohtz reminded the Board that the AMC Fund balance will be reduced by another \$100,000.00 before the end of the fiscal year.

Chairperson Hermsen asked for a motion on the March financial reports. Board Member Minshull moved to file the March financial reports for audit. Board Member Batie seconded the motion. Chairperson Hermsen recognized the motion and asked for any discussion. With no discussion, Chairperson Hermsen called for a vote. The motion carried with R. Johnson, Minshull, Batie, L. Johnson, and Hermsen voting aye.

2. ASC SARAS GRANT REPORT

Director Kohtz presented the Budget Status Report for the SARAS Grant Fund to the Board for review and reported that the SARAS Grant Fund expenditures for the month of March totaled \$3,042.25, and the year-to-date expenditures for the fiscal year are \$61,204.33, which amounts to 49.96 percent of the budgeted expenditures for the fiscal year. Director Kohtz informed the Board that there was little SARAS Grant spending while the Online Application for Nebraska Real Property Appraiser Credential by Reciprocity and NRPAB Database Interface Project was transitioning to production and the start of the online education applications and NRPAB Database Interface Project. The Director then noted that staff had met with OCIO the day before the Board meeting to discuss the conceptual design and preliminary setup work for online education applications and NRPAB Database Interface Project. 3. 2025-26 BUDGET AMENDMENT

Director Kohtz presented a proposed amendment to the FY 2025-2026 budget to the Board for consideration. Approval for funding in the amount of \$219.89 is requested to be transferred from Lodging Expense, 571100, to Personal Computing Equipment, 532200, for the purchase of one HP OfficeJet Pro 9125e Wireless All-in-One Color Inkjet Printer for the Director's office. DAS Buildings Division indicated that the Director's current printer will not fit the area designated for access to printer port as the maximum height is exceeded. Board Member Minshull asked the Director if this model would meet his printing demands. The Director responded that it would be a little faster than his current printer, which has been in place since before his time with the Board. Board Member R. Johnson asked how the Board will pay for the relocation. Director Kohtz responded that all relocation costs, along with the cost of the new Director's Office desk are covered by DAS Buildings Division. The Director reminded the Board that the current desk setup is too large for the new office space. As for the additional purchases not already paid for through other budget amendments, the original plan was to utilize the rent and depreciation savings to pay for the new items as the Board was originally scheduled to relocate shortly after the first of the year. Because construction is so far behind schedule, and the CSI purchase order had to be stopped and amended because of a chair change; the new items will be paid with carryover funds during the next fiscal year. Director Kohtz then informed the Board that he has had some back trouble and the doctor at Nebraska Spine and Pain recommended that he move to an ergonomic chair, which was the cause of the CSI purchase order holdup. The Director added that the ergonomic chair was a bit more expensive than the standard chairs ordered and that DAS Buildings Division needed to get the purchase order resubmitted as soon as possible to get the items in time for the move, so Chairperson Hermsen gave approval for the change. The Board thanked Director Kohtz for the update.

During the remote work period, LPM Loll will change the NRPAB mailing address listed on the Board's website and online applications. N. NEW BUSINESS

1. Promoting Access to Mortgage Credit Executive Order_March 13, 2026

Director Kohtz presented the Presidential Executive Order titled, “Promoting Access to Mortgage Credit” to the Board for review. The Director guided the Board to page N.3 and indicated that Section 6: Appraisal Modernization requires that the Vice Chairman for Supervision of the Federal Reserve, the Director of the CFPB, the Chairman of the NCUA Board, the Chairperson of Board of Directors of the FDIC, the Comptroller of the Currency, and the Director of the FHFA consider, as appropriate and consistent with applicable law and their statutory authorities, modernizing appraisal regulations and guidance to expand the use of alternative valuation models, desktop and hybrid appraisals, and artificial intelligence valuation tools; simplifying appraiser qualification requirements; and reducing appraisal requirements for low-risk transactions, including low loan-to-value refinancing and small balance loans and setting clear appraisal timelines. The Secretary of Housing and Urban Development (HUD) and the Secretary of Veterans Affairs (VA) shall consider, as appropriate and consistent with applicable law, aligning appraisal standards between the Federal Housing Administration and VA Home Loan Program where risk is comparable; clarifying the distinction in an appraisal inspection between safety and habitability concerns that necessitate pre-closing repairs versus cosmetic concerns; and expanding post-closing repair flexibility. Board Member Minshull asked for the Director’s opinion. Director Kohtz indicated that he does not expect much in the way of results coming from the Executive Order. Board Member Minshull then indicated that the Executive Order could push Federal agencies to use alternate valuation tools to streamline the home valuation process to promote affordability for rural America, which is currently an important topic for the administration. Minshull added that cost reduction is an important part of that. The Director acknowledged Minshull’s observation. The question was asked where real property appraisers fit into this equation. Both Board Member Minshull and Director Kohtz agreed that real property appraisers would still be required on high-risk transactions. The Board held a discussion pertaining to the future of real property appraisers. Public Member Rodger Morrissey requested permission to address the Board. Chairperson Hermsen granted Roger Morrissey permission. Morrissey brought attention to Fannie Mae and Freddie Mac’s UAD 3.6 form and indicated that GSE’s are requiring more information than what is typically utilized in an appraisal to build a very robust database. The Board resumed its discussion pertaining to the future of real property appraisers; specifically, the effects that artificial intelligence may have on the future of the industry.

Fannie Mae also reported that a letter is being sent to real property appraisers whose reports exhibit patterns of non-compliance. Those identified by Fannie Mae include, 1) the real property appraiser performs a market conditions analysis, but the date of comparable sale falls outside the time span encompassed by the analysis; 2) the real property appraiser's analysis suggest a particular adjustment rate, but the appraiser does not follow their own analysis and provides no evidence in support of the decision; and 3) the real property appraiser relies on the 1004 MC form as the support for the time adjustment decision, which is problematic because the fixed time frames do not necessarily align with the date of sale of the comp. The 1004MC form does not exist in UAD 3.6. Finally, Fannie Mae reported an accessory dwelling unit policy change for loans with UAD 3.6 appraisals. The Director asked for any questions or comments.
